Data Migration Expert with 10+ years of experience, including extensive work on large-scale and complex data transformation projects in international environments.

Data Migration Lead • APRIL International

Oct 2023 – Present

Paris, France & Asia (Bangkok, Singapore, Hong Kong)

- Led the migration programme (CLEVA to NIS) for 20+ insurance products and 50,000+ insured members, managing a 4-person migration team within a multi-country environment.
- Designed migration strategies and coordinated delivery with business and IT teams across multiple international entities.
- Defined and managed monthly migration cycles, from data extraction and transformation through validation and loading into NIS.
- Designed and implemented a modular Talend migration framework comprising 20+ reusable jobs, reducing development effort by 40% across the migration team.
- Implemented data quality controls and validation processes to secure migration accuracy and consistency across products.

JIRA Migration Lead • Arval

Mar 2020 – Oct 2023

Paris, France

- Led large-scale JIRA migration initiatives across 20+ countries in an international environment
- Transformed JIRA architecture by separating IT and business workflows, migrating IT processes to JIRA Data Center and implementing JSM for business operations
- Implemented and configured Advanced Roadmaps in JIRA to support Agile at scale and multi-team coordination
- Designed and implemented JIRA workflows and automation processes to support business needs
- Developed and customized JIRA functionalities using ScriptRunner and JMWE

Data Migration Manager • SPIE Global Services Energy

Oct 2017 – Feb 2020

Abu Dhabi, United Arab Emirates

- Audited the existing commissioning management system, identifying functional and technical limitations and defining requirements for a potential replacement
- Benchmarked alternative solutions, including TotalEnergies' ICAPS, and delivered recommendations, migration scenarios and project cost estimates
- Developed BIRT/MySQL reporting solutions and delivered SQL and BIRT training to teams across the Middle East

CRM Consultant • Klint

Sep 2016 – Sep 2017

Paris, France

- Developed and customized features within Oracle CRM On Demand (JavaScript), including workflows, objects, and layouts configuration
- Performed testing and issue resolution to ensure system stability and reliability
- Maintained a Java middleware to manage data flows across the client's information system

Business Analyst • AXA France

Sep 2014 – Sep 2016

Paris, France

- Gathered and analyzed business requirements through workshops with stakeholders
- Contributed to solution development (VBA/Access), documentation, and continuous improvement within an Agile environment

Master's degree – MIAGE IKSEM

2015 – 2017

University Paris I • Panthéon Sorbonne

License's degree – MIAGE

2014 – 2015

University Paris I • Panthéon Sorbonne
